**Attachments:** Summary of litigation for HQ meeting.docx

Hi Everyone – here's a copy of the handout Kelly and others put together on litigation in our region so you can follow as we talk, if you plan to be on the call this pm. Litigation is on the agenda from 3-5pm PST, so it's late for DC.

Jenny,

Here is my chart – I think it's about as good as it can get, given other people's time constraints and the last-minute nature. I hope it helps!

Thanks,  
Kelly

Hi Everyone – here's the correct revised agenda again and some attachments from HQ for their part on the agenda Wednesday afternoon. We'll have a few hard copies at the office, so the attachments are for those calling in.

Tomorrow, I'll send folks Kelly's handout on TMDL and TMDL-related litigation as well as the state briefing handouts, so you can follow on the phone.

Jenny, thanks!

Here is the Vision, 2 draft measure slides, and draft measure computational guidance. I would appreciate it if you could print 3 three copies of each to have in the room as a resource, should we need to refer to them. Thanks!

Thanks, Menchu, for a good conversation on food and the agenda!

Attached below is the final agenda for our meeting tomorrow. Thanks for your comments below to help us keep in mind some of the things you're interested in hearing when we talk the next few days. As in our discussion, we'll have the phone line opening for the whole meeting, so people can call in anytime from HQ. We're looking forward to your visit tomorrow – have a safe trip, and let us know if you have any further questions. - Jenny

Jenny and Dave, thanks for the agenda. Overall, we think it provides a nice framework for reaching the meeting objectives.

Also here are some specific suggested changes to a couple of sessions:

- 1:45-3 pm Session on Day 3/ "Additional Discussion and Highlights and Next Steps": We suggest that this needs more detail on crafting the specifics of a shared understanding between R10 and HQ for the CWA 303d program. We anticipate that this session would cover: continuation of regional resource needs from the morning session; and, implications for R10 and HQ (such as on work planning /budget strategies and program resource management approaches); and, crafting of the shared understanding between R10 and HQ.
- 9:30- noon Session on Day 3: We would like to start with litigation from 9:30 – 10:30/11:00 so we could invite our OGC and OST colleagues to participate by phone before we dive into discussing the program direction.
- Jordan Creek is listed under the Alaska TMDL Program. Perhaps an inadvertent carryover from the ID session?

We would appreciate it if you could give us the final agenda this afternoon so we can share it with our colleagues in General Counsel and WQS programs. Thanks again and feel free to call us if needed. Look forward to seeing you all tomorrow,  
Menchu
